POS-AN-Tech Solution:

NEW IMPLEMENTATION

Module: Parties:---> “Add Party”

The screenshot displays the 'Parties' management interface. At the top, there's a header with 'Parties' and a subtitle 'Manage customers and vendors.' A '+ New Party' button is in the top right. Below the header, there are tabs for 'Total Parties' (12), 'Customers', and 'Vendors'. To the right, there are two summary cards: 'Total Receivable' (PKR 69,871,961.92) and 'Total Payable' (\$ PKR 0.00). Below these, there are tabs for 'Customers', 'Vendors', 'All Balance', 'Receivable', and 'Payable'. The main area shows a list of parties with columns for Name, Phone, Address, Type, and Balance. A modal form titled 'Add new party' is open, showing fields for Name (Acme Corp), Phone (9876543210), Address (123 Main Street, City), and Type (Customer). There are four buttons for selection: 'Advance Payment', 'Reference', 'Add Pre-Balance', and 'Referenc'. A 'Save party' button is at the bottom of the modal.
